STAT

SUBJECT : Trends in Machinery Trade Flows Between The
United States and Western Europe

1. To support the issues paper for the Secretary of State, as referred to in your conversation with Lee Hudson last week, we are sending you data on US trade in machinery products with Western Europe and individual West European countries.

2. Four sets of data are enclosed: annual trade in 1979; annual trade in 1980; annual trade in 1981; and quarterly trade from first-quarter 1982 through third quarter 1983. Machinery trade is presented in the aggregate, and by the two-digit SITC Revision II components thereof.

3. We trust that you will find these data suitable for your needs. Should you have further inquiries, feel free to contact
